JOB OUTLOOK SUMMARY

COMPENSATION & JOB OUTLOOK

Earnings ¹

Barbers, cosmetologists, and other personal appearance workers receive income from a variety of sources. They may receive commissions based on the price of the service or a salary based on number of hours worked. All receive tips, and many receive commissions on the products they sell. In addition, some salons pay bonuses to employees who bring in new business.

A number of factors determine the total income of barbers, cosmetologists, and other personal appearance workers, including the size and location of the salon, the number of hours worked, clients' tipping habits, and competition from other barber shops and salons. Cosmetologists or barber's initiative and ability to attract and hold regular clients also are key factors in determining his or her earnings. Earnings for entry-level workers are usually low; however, for those who stay in the profession, earnings can be considerably higher. Although some salons offer paid vacations and medical benefits, many self-employed and part-time workers in this occupation do not enjoy such common benefits.
